BEFORE YOU START

Safety information

Read all safety information before using the device to ensure safe and proper use.

The light source of this light fixture is not replaceable, when the light source reaches its end of life the whole unit shall be replaced.

It is extremely important that these instructions are read carefully, and any illustrations studied before commencing installation.

Please keep these instructions for future reference.

WARNING!

- Electricity can be dangerous.
- Do not attempt to fit installation unless you are competent.
- If in any doubt consult a qualified electrician to complete electrical installation.
- Installation to comply with current IET wiring regulations.
- If you find any damage to the electrical parts, please ask a qualified electrician.
- Be aware of electrical voltage on the different models to avoid damage.

Correct disposal

This marking indicates that this item should be disposed of separately from household waste. The item should be handed in for recycling in accordance with local environmental regulations for waste disposal.

Cleaning Instructions and Care

- Please disconnect the light before cleaning.
- Take extra care when cleaning and assembling.
- Do not use any chemical or abrasive solutions.

Installation

- Take care when handling and installing to avoid damage to the product.
- Avoid mounting the fitting on a damp surface such as newly painted or plastered area as this could cause discoloration of the finish.

General Assembly

1.

1. Cut out a hole in the ceiling that fits the size of your light.

Separate light from mounting bracket.

2.

2. Peel the 3M sticker protection film from the back of the bracket and press the bracket into the hole.

Then install the bracket with the included screws.

3.

3. Route the cables from the light through the mounting bracket into the hole and connect the light according to the electrical diagram.

4.

4. Only install on flat surfaces.

Then press the light into the mounting bracket to finish installation.
