- Do not attempt to fit installation unless you are competent.
- If in any doubt consult a qualified electrician to complete electrical installation.
- Installation to comply with current IET wiring regulations.
- If you find any damage to the electrical parts, please ask a qualified electrician.
- Be aware of electrical voltage on the different models to avoid damage.

Correct disposal

This marking indicates that this item should be disposed of separately from household waste. The item should be handed in for recycling in accordance with local environmental regulations for waste disposal.

Cleaning Instructions and Care

- Please disconnect the light before cleaning.
- Take extra care when cleaning and assembling.
- Do not use any chemical or abrasive solutions.

Installation

- Take care when handling and installing to avoid damage to the product.
- Avoid mounting the fitting on a damp surface such as newly painted or plastered area as this could cause discoloration of the finish.

General Assembly

Cut out a hole in the ceiling that fits the size of your light.

Route the cables from the light through the hole and connect the light according to the electrical diagram.

Push the light into the hole to so that the springs engage to finish installation.

Only install on flat surfaces.
